

March 2022

Lumaco Announces First Price Increase Since 2015

Lumaco is dedicated to offering only the highest quality valves and components, readily available and priced fairly. To this end, Lumaco has not instituted a price increase on our proprietary Minidisc®, Doubledisc or Butterfly valve lines since 2015.

To maintain our standards of quality and service in the face of rising costs on every level, Lumaco is announcing an approximate 10% price increase on all Minidisc®, Doubledisc and Butterfly valves, spare parts and accessories, effective April 15, 2022. New price lists will be sent out by email beginning in early April, and will also be posted to our website for easy download and distribution.

Lumaco is a small company dedicated to our employees, our products and our customers. We will continue to work closely with our suppliers to control costs without sacrificing the quality and service our customers have come to expect.

Please contact our Sales Team at sales@lumaco.com or (800) 735-VALV (8258) with any questions or concerns and be sure to check our News & Events page on our website for upcoming announcements and events: <https://www.lumaco.com/news-events/>.
